40 Gorgeously Green Go-To Furniture Designers

Shopping for furniture: it's stressful. Finding the right design, size, color, shape and comfort level is exhausting. Adding on top the fact that you're looking for something that is sustainable and eco-conscious makes the task daunting. To make things a tad bit easier here's a great list of go-to green furniture designers. Not only are these designers eco-friendly, they make gorgeous products. Check them out [after the jump](#).

 5

Furniture designers who think not only about what looks cool but what makes our planet a healthier place. From cribs to couches here they are...
